

GLOBAL DIRECTORY

Rigid Metal-Faced Insulated Panel Production & Producers

Brand new report for July 2015 – only €4,600 for full global report, plus €500 for a searchable Excel spreadsheet of company directory

IAL is pleased to announce the publication of a brand new global directory of rigid metal-faced insulated panel producers. This complements IAL's ongoing research into the thermal insulation industry, and has been compiled in conjunction with Isowall Consulting. It is the successor to our previous directories of sandwich panel manufacturers.

This new title provides a comprehensive directory of rigid insulated panel producers – over 540 companies across 78 countries in 7 global regions – with their full contact details, product types, manufacturing process, end-use applications and an indication of the size of the business (local and/or regional importance).

The report also includes an analysis of the output of rigid insulated panels per country, in m², along with market forecasts and key market drivers.

REGIONAL COVERAGE IS AS FOLLOWS:

- Western Europe
- Eastern Europe
- Middle East & Africa
- China & East Asia
- South East Asia
- North America
- South & Central America

PRODUCT TYPES COVERED:

- Rigid metal-faced continuous panels
- Rigid metal-faced discontinuous panels

INSULATION CORES COVERED:

- Polyurethane (PU)
- Polyisocyanurate (PIR)
- Mineral Wool
- EPS
- Other Specialist Materials e.g. Phenolic

DATA PROVIDED FOR EACH COUNTRY COVERED:

- Total production of rigid metal-faced insulated panels, for 2014 and forecast to 2019, in m²
- Analysis of main applications, market opportunities and drivers
- Market drivers per product type
- Directory listing of major rigid insulated panel producers
 - Name and full contact details
