NEW IAL DIRECTORY

PU Systems Houses in Asia-Pacific

Publication: April 2006

Price: €1,800

<p>The role of systems houses is of major importance in the development of the polyurethane market in new and emerging markets. Local suppliers of systems act as an essential intermediary between processors and manufacturers of machinery, additives or basic chemicals. Therefore this directory acts as a valuable list of potential customers for all suppliers to the polyurethane industry, and brings together in one convenient source the most up-to-date information available on more than 120 independent systems houses.</p> <p>Geographic Scope: Australia, China, India, Indonesia, Japan, Malaysia, Pakistan, Singapore, South Korea, Taiwan, Thailand</p> <p>Each company profile will include:</p> <ul style="list-style-type: none">• Contact details• Ownership details• Number of employees• Annual turnover• Annual production capacity• System types and applications• Trade names• Details of production sites and sales offices <p>In addition, summary information is also included for the major manufacturers of systems in the region including:</p> <ul style="list-style-type: none">• BASF (Elastogran)• Bayer• Dainippon Ink & Chemicals• Dow• Huntsman Polyurethanes• Mitsui Takeda	<h3>Contents</h3> <ol style="list-style-type: none">1.
