## **NOTE**

The information given in this report has been compiled from published sources, and interpreted from fieldwork based on informed opinions. Whilst every care has been taken in the preparation of the report, there may have been some errors in the information obtained. Although it is impossible to verify every single detail by cross checking, we believe the general picture we have provided is reasonably accurate and comprehensive.

Many IAL reports contain an overview of selected company financial information and capabilities, based on published sources where available. Although the companies represented are believed to be the major suppliers, the profiles are meant to be indicative rather than definitive.

It is fundamental to the philosophy of IAL Consultants, constantly to seek to extend and improve our service to clients.

In pursuit of these aims, we shall be pleased to consider all requests for regular or periodic updating of all or any part of the information contained in this report, or for extensions in coverage in terms of product areas, market sectors and/or geographic regions.

We are, of course, always happy to discuss with any subscriber the possibility of undertaking further work, whether arising out of this report, or in different business areas.
