## **NOTE**

The information given in this report has been compiled from published sources, and interpreted from fieldwork based on informed opinions. Whilst every care has been taken in the preparation of the report, there may have been some errors in the information obtained. Although it is impossible to verify every single detail by cross checking, we believe the general picture we have provided is reasonably accurate and comprehensive.

Many IAL reports contain an overview of selected company financial information and capabilities, based on published sources where available. Although the companies represented are believed to be the major suppliers, the profiles are meant to be indicative rather than definitive.
